

**SAFETY DATA SHEET**

**Section 1 - Identity**

Identity (As Used on Label and List): Carbtrol Type: CSV, CV, CSL, CL, CAT2

Manufacturers Name: Carbtrol Corporation  
200 Benton St.  
Stratford, CT 06615  
Tel: 203-337-4340  
www.carbtrol.com  
Date Prepared: May 1, 2020

**Section 2 - Hazardous Identification**

**2.1 GHS-US Classification**

Eye Irritation 2B H320  
STOT SE 3 H335

**2.2 Label Elements**

Hazard Pictograms	: Warning
Signal word (GHS-US)	: H320- Causes eye irritation
Hazard Statements	: H335- May cause respiratory irritation
Precautionary statements (GHS-US)	: P261- Avoid breathing dust
	: P264- Wash thoroughly after handling
	: P271- Use in well-ventilated area
	: P280- Wear protective gloves/clothing/eye & face protect
	: P304&340: IF INHALED: Remove person to fresh air
	: P305&351&P338: If in eyes, Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do so. Continue rinsing.
	: P312- Call Poison Control Center/Doctor if you feel sick
	: P403& P233- Store in well-ventilated place. Keep container tightly closed
	: P405- Store locked up
	: P501- Dispose of container to appropriate receptacle

2.3 Other Hazards

No additional information available

2.4 Unknown acute toxicity (GHS-US)

No data available

**Section 3: Composition/information on ingredients**3.1 Substances

Not applicable

3.2 Mixture

Name	CAS #	%	GHS US classification
Carbon	7440-44-0	100	Not classified

**Section 4 – First Aid Measures**4.1 Description of first aid measures

First aid after inhalation	Remove person to fresh air. If not breathing, administer CPR or artificial respiration. Get immediate medical attention.
First aid after skin contact	If skin reddening or irritation develops, seek medical attention
First aid after eye contact	Immediately flush eyes with plenty of water for at least 15 minutes. If irritation persists, get medical attention.
First aid after ingestion	If the material is swallowed, get immediate medical attention or advice. DO NOT induce vomiting unless directed to do so by medical personnel.

4.2 Most important symptoms and effects, both acute and delayed

Symptoms/injuries after inhalation	May cause respiratory irritation
Symptoms/injuries after skin contact	May cause skin irritation
Symptoms/injuries after eye contact	Causes serious eye damage
Symptoms/injuries after ingestion	May be harmful if swallowed

4.3 Indication of any immediate medical attention and special treatment needed

No additional information available.

**Section 5: Firefighting measures**5.1 Extinguishing media

Suitable extinguishing media	If involved with fire, flood with plenty of water
Unsuitable extinguishing media	None

5.2 Special hazards arising from substance or mixture

Fire hazard	None known
Explosion hazard	None known
Reactivity	Contact with strong oxidizers such as ozone, liquid oxygen, chlorine, etc. may result in fire.

5.3 Advice for firefighters

Protection during firefighting	Firefighters should wear full protective gear
--------------------------------	---

**Section 6: Accidental release measures**

## 6.1 Personal precautions, protective equipment and emergency procedures

General measures

Avoid contact with the skin and eyes

6.1.1 For non-emergency personnel

No additional information available

6.1.2 For emergency responders

No additional information available

6.2 Environmental precautions

None

6.3 Methods and material for containment and cleaning up

For containment

If possible, stop flow of product

Methods for cleaning up

Shovel or sweep up and put in closed container for disposal

6.4 Reference to other sections

No additional information available

**Section 7: Handling and storage**7.1 Precautions for safe handling

Precautions for safe handling

Avoid contact with eyes. Wet activated carbon removes oxygen from air causing severe hazard to workers inside carbon vessels or confined spaces

7.2 Conditions for safe storage, including any incompatibilities

Storage conditions

Protect containers from physical damage. Store in dry, cool, well-ventilated area.

7.3 Specific end use(s)

No additional information available

**Section 8: Exposure controls/ personal protection**8.1 Control parameters

No additional information available

8.2 Exposure controls

Appropriate engineering controls

: Local exhaust and general ventilation must be adequate to meet exposure standards

Hand Protection

: None required under normal product handling conditions

Eye Protection

: safety glasses

Skin and body protection

: Wear suitable working clothes

Respiratory protection

: If airborne concentrations are above the applicable exposure limits, use NIOSH approved respiratory protection

**Section 9: Physical and chemical properties**

## 9.1 Information on basic physical and chemical properties

Physical state	: Solid
Appearance	: Particulate
Color	: Black
Odor	: No data available
Odor threshold	: No data available
Ph	: No data available
Relative evaporation rate	: No data available
Melting point	: No data available
Freezing point	: No data available
Boiling point	: No data available
Flash point	: No data available
Self ignition temperature	: No data available
Decomposition temperature	: No data available
Flammability (solid, gas)	: No data available
Vapor Pressure	: No data available
Relative Vapor density @ 20 deg C	: No data available
Relative Density	: 28-33 lb/ cubic foot
Solubility	: No data available
Log Pow	: No data available
Log Kow	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available
Explosive properties	: No data available
Oxidizing properties	: No data available
Explosive limits	: No data available

9.2 Other information

No additional information available

**Section 10: Stability and reactivity**10.1 Reactivity

Contact with strong oxidizers such as ozone, liquid oxygen, chlorine, etc. may result in fire

10.2 Chemical stability

Stable under normal conditions

10.3 Possibility of hazardous reactions

Will not occur

10.4 Conditions to avoid

None

10.5 Incompatible materials

Strong oxidizing and reducing agents such as ozone, liquid oxygen or chlorine.

10.6 Hazardous decomposition products

Carbon monoxide may be generated in the event of a fire.

**Section 11: Toxicological information****11.1 Information on toxicological effects**

Acute toxicity	: Not classified
Carbon (7440-44-0)	
LD50 oral rat	: >10000 mg/kg
Skin corrosion/irritation	: Not classified
Serious eye damage/irritation	: Causes eye irritation
Respiratory or skin sensitization	: Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: Not classified
Specific target organ toxicity	: May cause respiratory irritation (single exposure)
Specific target organ toxicity	: Not classified (repeated exposure)
Aspiration hazard	: Not classified

**Section 12: Ecological Information****12.1 Toxicity**

No additional information available

**12.2 Persistence and degradability**

No additional information available

**12.3 Bioaccumulative potential**

No additional information available

**12.4 Mobility in soil**

No additional information available

**12.5 Other adverse effects**

No additional information available

**Section 13: Disposal concerns****13.1 Waste treatment methods**

Waste Disposal recommendations : Dispose of contents/container in accordance with local/ regional/ international regulations

**Section 14: Transportation information**

In accordance with DOT/ADR/RID/ADNR/IMDG/ICAO/IATA

**14.1 Proper Shipping Name**

Activated Carbon (Not DOT Regulated).

**14.2 Hazard Class**

Not applicable, See Note 1 below.

**14.3 UN/NA Number**

Not applicable.

**14.4 Packing Group**

Not applicable

14.5 Freight Classification

STCC Code - #2899643 NMFC #040560

**Note 1: Under the UN classification for activated carbon, all activated carbons have been identified as a class 4.2 product. However, This product has been tested according to the United Nations Transport of Dangerous Goods test protocol for a “self-heating substance” (United Nations Transportation of Dangerous Goods, Manual of Tests and Criteria, Part III, Section 33.3.1.6 - Test N.4 - Test Method for Self Heating Substances) and it has been specifically determined that this product does not meet the definition of a self heating substance (class 4.2) or any other hazard class, and therefore should not be listed as a hazardous material. This information is applicable only for the Activated Carbon Product identified in this document.**

**Section 15: Regulatory information**15.1 US Federal regulations

Carbon (7440-44-0): Listed on the United States TSCA inventory

15.2 US State regulations

No additional information available

**Section 16: Other information**

Full text of H-phrases:

Eye Irrit. 2B  
STOT SE 3  
H335

Serious eye damage/eye irritation Category 2B  
Specific target organ toxicity (single exposure) Category 3  
May cause respiratory irritation

NFPA health hazard : 1-Exposure could cause irritation but only minor residual injury even if no treatment is given  
 NFPA fire hazard : 0- Materials that will not burn  
 NFPA reactivity : 0- Normally stable, even under fire exposure conditions, and are not reactive with water
